

Chamber To Work To Have Old 40 As State Scenic Road

Renewed efforts to have old Highway 40 from west of Soda Springs to Truckee included in the state's scenic highway system are under way by the Truckee Donner Chamber of Commerce and other local organizations.

The chamber last week sent a telegram to the Marysville district office of the division of highways where a one-day regional workshop on methods and guidelines for establishing scenic highways was held.

The message urged the meeting to take any action necessary to include the local highway in the state system, pointing out that county funds are inadequate to maintain the section as it should be. Unless the state takes the lateral into the system, there is a possibility that future generations will be deprived of traveling over one of the most scenic and historic routes in California, the message from Chamber Manager N. F. Dolley emphasized.

The road in question was taken over by Nevada County when the new freeway was constructed over Donner and county funds are far from adequate to keep it open both winter and summer. A bill introduced in the last session of the legislature to include old Highway 40 in the state system was tabled.

The workshop at Marysville last Thursday was one of a series planned for each of the state's 11 highway districts to review and discuss operational procedures for declaring state and county highways official scenic highways and to answer questions about scenic corridor planning, surveys and protection of esthetic values.

The chamber's highway committee will continue to urge inclusion of the local route in every possible manner.

Golf Award Dinner Sat. At North Shore

The North Shore Club at Crystal Bay will be the scene Saturday at 7:30 p.m. of the annual awards dinner and installation of officers of the Ponderosa Golf Club. The dinner will be preceded by a 6 o'clock cocktail hour, President Dave Rose announced.

Rose will be succeeded as head of the club by Mrs. Georgiana King with James Walker taking his office as vice president; Majel Rose as recording secretary; Mrs. Sue Reams as corresponding secretary and Alex Stewart will take office as tournament director.

Previous reports that the dinner would be held at Crystal Bay Club were in error.

Ray Craig Named As Boat Registrar

The state division of small craft harbors named Ray Craig, liaison officer, Nevada Co. Government Center, as boat registration agent for the Truckee-Donner Lake area, effective immediately, according to an announcement by Lachlan M. Richards, chief of the division.

Richards pointed out that Craig will provide boat registration service to the boating public, including first time registrations and transfers. Richards stressed that the liaison officer, in providing this public service, is serving without remuneration and that as a boat registration agent for the division he is not required to perform extra services, but he may do so voluntarily.

The liaison office will have available basic registration forms for giving the state notice of sale, destruction of vessel, or change of address, and pamphlets on California boating law published by the State for California boaters.

TRUCKEE STILL LEADS IN TRAFFIC COUNT

Although there was a decline from 237,515 to 193,875 vehicles entered California by way of the Truckee quarantine station last month as compared to August, the Truckee station maintained its lead as the most popular route.

The department of agriculture reported there were 187,039 cars, 6,069 trucks and 767 buses checked into the state at Truckee during September. The report shows 939 lots of plant material were intercepted.

THREE CANDIDATES OPPOSE SEWER PLAN

RENO — Speaking before the Reno Press Club, three candidates for the Nevada legislature have disclosed they oppose a proposal to put Lake Tahoe Basin sewage effluent in the Truckee river.

They are Republican Len Harris and Democrat Rick DeGregorio, both assembly candidates and Fred Schultz, a democratic candidate for the senate. All are from Washoe County.

Mickey Kumble Is Advanced In Rank

Mrs. and Mrs. Gilbert Kumble this week received a letter from their son, Mickey, revealing that he has been promoted to the rank of corporal in the Marine Corps.

Mickey, who has been serving with the First Marines in Vietnam is now in the demilitarized zone where some of the roughest fighting is taking place. The Truckee boy enlisted in January and has been in Vietnam since July.

Conditions he described as anything but pleasant. Seventeen men in his company have been killed, including his buddy, who enlisted with him. Corporal Kumble is the eldest of the men in his platoon at 22, most of the outfit being from 17 to 19.

Packages of clothing and food sent him by his parents have not arrived, Mickey wrote, and he longs for a good homecooked meal and other items which he says are sorely missed.

Opinion Rendered On Redistricting Of County Board

(Editor's Note: There has been considerable confusion over the question of whether or not the supervisory districts of Nevada County will be redistricted. In determining the facts of the matter, an inquiry was made of Leo J. Todd, county counsel and the following decision was rendered.)

In response to your question concerning the possibility of a supervisory redistricting for Nevada County in 1970. This office has made a more detailed study of the law and cases pertaining to this point, and it is the opinion of this office that in the Spring of 1970, the Board of Supervisors should take the necessary steps to redistrict Nevada County on a population basis.

In coming to this conclusion, we have reviewed several sections in the Government Code, and also several cases, and for your edification, we will site some herein verbatim.

GOVERNMENT CODE

Section 25001 of the Government Code, prior to 1964, read as follows: "By a two-thirds vote of the members, the Board may change the boundaries of any or all of the supervisory districts of a county. The district shall be as nearly equal in population as may be, except that in establishing the boundaries of the districts the Board may give consideration to the following factors:

(a) topography, (b) geography, (c) cohesiveness, contiguity, integrity, and compactness of territory, and (d) community of interest of the district."

This section was added in 1947 and was based, primarily, on Political Code 4029, which was added to the statutes in 1907, basically in

Capital Youth Is Drowned In Tahoe

MEEKS BAY—Kirk Spinner, a 17 year old Sacramento youth was presumed to have drowned Saturday in Lake Tahoe near Emerald Bay while skin diving in 100 feet of water about 75 feet off shore.

Spinner companion, Daniel R. Moseley, 19, also of Sacramento, said the two were in the deep water when Spinner ran out of air. They attempted to surface, Moseley said, by sharing the latter's air, when Spinner slipped down and out of sight. At the time they were near a shelf which drops off to 800 feet.

El Dorado County Sheriff's Deputy Val Hoksens was summoned to the scene by Mary S. Moseley, 17, and Jeanne B. Boyd, 17, companions of the skin divers but because of rough water was unable to see anything.

Spinner is the second youth to lose his life skin diving in the lake this fall. A Reno youth suffered a similar fate recently near Crystal Bay.

Wolverines Drop Lincoln Game; To Host Del Oro Sat.

by CHRIS LEHTO

The Tahoe-Truckee Wolverines lost their fifth straight game of the 1966 football season Saturday as they dropped a 28-6 decision to the Lincoln Zebras.

Playing before a hostile Homecoming crowd, Lincoln first scored in the opening minutes of the second quarter, capping a sustained drive which had taken up most of the first 12 minutes. The Wolverines were never really in this "battle between the winless" as they beat themselves out of several scoring opportunities.

Following a second quarter interception by John Kennerson at mid-field the Wolverines moved down to the Lincoln 13 yard line on quarterback Mike Davis' passes. Then, with fourth down and five to go, Davis

Homecoming Queen

Miss Sandy Woods, attractive senior and daughter of Mr. and Mrs. Eugene H. Woods of Tahoe City, was this year's Homecoming Queen at the Tahoe Truckee High School.

Her princesses were Sheri Comola of Truckee, Linda Smith and Jan Williams, both of Tahoe City. The coronation took place at the annual homecoming dance in the high school gym where King James and His Counts, the top band in the Battle of the Bands at the state fair, provided the music.

lofted a pass to end Marty Spitzen at the goal line but the lanky receiver couldn't hold on to it and Lincoln took over possession.

In the last half Ron Smith made a good run for an apparent touchdown but it was called back because of an off-side penalty against Truckee. Smith was involved in the stand-out play of the game when he carried for a first down on a fake punt play in the third quarter.

Playing in his second varsity contest, Sophomore George Franceschini was called on to replace starter Mike Davis at quarterback in the final quarter with Lincoln leading 28-0 and led the squad down field for their only score. Halfback Mark Gowan carried for the lone tally.

Ernie Marier and Mark Gowan were named "Lineman of the Week" and "Back of the Week".

The Junior Varsity played a great defensive game and won 6-0.

Next week the Wolverines take on the Del Oro Eagles at Truckee. The J.V. game starts at noon followed by the Varsity at 2 p.m.

Survey Is Expected To Aid Sewer Plan

The Nevada County Board of Supervisors authorized Planning Director William Roberts to side-track virtually all other items under his jurisdiction and give top priority to completion of the Economic Development Survey.

It is the desire of the board to have the survey completed prior to the end of the year for filing with the federal government.

The Economic Development Survey is a document expected to certify Nevada County for federal loans at low interest and grants for sewer development in the Truckee-Donner area.

In other action, the board was advised by County Clerk Theo A. Kohler that a check for \$2100 had been received from the Los Angeles County fair at which Nevada County's display took first prize in natural resources.

Start Organization For Basketball Play In Truckee League

Dr. H. P. Tapia, superintendent of the Truckee Donner Recreation and Park District, this week revealed that he is currently organizing the local basketball league and said that he could be contacted by anyone desiring to participate or have an entry in the league.

This year instead of soliciting various individual businesses for team sponsorship, Dr. Tapia said he is organizing group sponsors and now has four teams lined up, with at least two vacancies open. He is particularly interested in having a Kings Beach entry.

The teams currently listed include the service station, representing seven or eight stations; the bars, in which six or seven are participating and the Donaldson's Coffee Shop and Mariers Marauders from Tahoe City. The group idea, Dr. Tapia explained, lessens the cost for each sponsor and may provide better teams.

The schedule and other details for the season will be worked out at a meeting to be held early next month, the exact date to be determined and announced, Dr. Tapia said.

Arrangements are being made to use the high school gymnasium as in previous years, Dr. Tapia said.

HUMIDITY REACHES LOWEST MARK AS FOUR FIRES FOUGHT

Relieving the critical fire hazard, a light rain started falling in this area this morning. However, it is not expected to end the fire season. Light snow fell on Martin Peak.

The forest service suppression crew was called out twice during last night, the first time to assist in controlling a half-acre fire in the Big Bend district at 9 p.m. and again near midnight when a fire was reported by Tom Kirby just east of Hirschdale. The latter was caused by a power wire which fell in the dry grass. A quarter of an acre was burned over.

With the humidity at the lowest point on record at the U.S. Forest Service station in Truckee Tuesday, the suppression crew was called to two incipient fires in the North Lake Tahoe community.

The humidity reached a low of 3 per cent and brisk winds and a warm sun added to the fire danger as patrolmen and lookouts kept a close watch on the situation.

The first fire was reported near Kings Beach and was thought to be started by children smoking in the area. Only a small area was burned over before the North Tahoe Fire Department arrived and had it under control when the forest service crew arrived. This fire occurred at 1 p.m.

A short time later, at 2:45, a shed near the highway at Carnelian Bay caught fire and this too was put out by the fire department although the forest service arrived on the scene.

Clearing To Start For New School In Tahoe District

TAHOE CITY — With an offer of \$10,761, Robert C. Gebhardt Co. of Tahoe City was the apparent low bidder for clearing 17 acres of school property at Highlands Green for eventual construction of a new junior high school.

At the meeting of the school board, several Tahoe City residents appeared to protest what they termed 'the denuding of the area which is part of the 50 acres owned by the Tahoe Truckee Unified District and where it is proposed to erect a \$12 million facility by the summer of 1968.

Later on, if present plans materialize, a high school will be built and possibly another elementary school.

As a result of the protests on cutting the trees on the property, the board, together with engineers and architects and other interested people, will inspect the site with an aim for saving as many trees as possible. The inspection will be held at 10 a.m. Saturday.

The Placer County Planning Commission has scheduled a meeting at Tahoe City Friday and will review the situation before any definite plans are completed by the school authorities. Plans call for completion of the clearing program by May 2 and a call for building bids in April for early start of construction of the first unit of the proposed new school plant.

The choice land was purchased two years ago from finances provided through a bond issue which was designed to improve and enlarge the present schools at Truckee, Tahoe City, Kings Beach and Soda Springs. It is not presently proposed to build the elementary or high school for several years or until the need becomes apparent.

its present form. You will note that this section does not set forth any population percentages but refers merely to "equal in population."

Based on the wording of this statute in 1963, the California Supreme Court, in the case of Griffin vs. Monterey County 60 C2d 318, used the following wording: "Apportionment according to population under this section is primary goal in redistricting, and other factors enumerated may be given only subsidiary effect and cannot warrant large deviations from equality of population."

NOT UP TO BOARD

"This section, by providing that County Board of Supervisors may change supervisorial district boundaries, does not leave matter of redistricting entirely to Board's discretion and does not mean that Board cannot be required to redistrict however unreasonable its refusal to do so may be, since statute, in setting forth primary standard to be applied, used mandatory language that districts shall be as nearly equal in population as may be; discretion given Board of Supervisors to decide whether redistricting has become necessary to conform to standard set forth in this section is not unlimited, and where there are drastic deviations from equality of population, refusal to redistrict is abuse of discretion."

The California Legislature in 1964, during its first extra session, amended Section 25001 of the Government Code as follows: FOLLOWING EACH DECADE, FEDERAL CENSUS, AND USING THE CENSUS AS A BASIS, THE BOARD SHALL ADJUST (1) the boundaries of any or all of the supervisorial districts of (2) THE COUNTY SO THAT the districts shall be as nearly equal in population as may be, BUT IN ANY CASE SO THAT THE POPULATION OF EVERY DISTRICT WHEN ADDED TO THE POPULATION OF ANY OTHER TWO DISTRICTS EQUALS AT LEAST 50 PERCENT OF THE POPULATION OF THE COUNTY. (3) In establishing the boundaries of the districts the Board may give consideration to the following factors: (a) topography, (b) geography, (c) cohesiveness, contiguity, integ-

ment that the full time director of the nursery school is now Barbara Morse of Squaw Valley. Pat Gregor of Tahoe City is a new member of the board of directors.

They won the dance contest at the Roaring Twenties Party of the club which was held last Saturday evening at Alpine Meadows Lodge. Hope chest winner was Bernard Mendonca of Tahoe City.

ity, and compactness of territory, and (d) community of interest of the districts. (Caps denotes the items changed in this section.)

EQUAL POPULATION

You will note that the new wording of this section provides or continues to provide that the districts shall be as nearly equal in population as may be; Then the Legislature went on to spell out the minimum population percentage requirements.

In view of the court cases and the population standards set forth in the new section, the Legislature has expressed a clear intent that the Board of Supervisors can only give passing consideration to the factors of topography, geography, cohesiveness and etc.

This office asked the Board of Supervisors to request the County Clerk, late in 1965, to make a study of the population of each district.

The County Clerk replied to the request of the Board of Supervisors on January 19, 1966 and set forth the following information concerning the number of registered voters per district in the County of Nevada.

Supervisorial Dist. No. 1 - 21.91%
Supervisorial Dist. No. 2 - 30.14%
Supervisorial Dist. No. 3 - 18.28%
Supervisorial Dist. No. 4 - 20.35%
Supervisorial Dist. No. 5 - 9.29%
TOTAL PERCENTAGE - 99.97%

NOT CONFORMING

A quick glance at these percentages will indicate to you that we are not conforming to the new wording of Section 25001.

Section 25001.1 of the Government Code provides in part: "The Boundaries of the supervisorial districts shall be adjusted by the Board between the first regular meeting of the Board held in January 1965 and April 30, 1965, and thereafter before the first day of October of the year following the year in which equal decennial federal census is taken. If the Board fails to adjust the boundaries between the first regular meeting of the Board held in January 1965 and April 30, 1965, a supervisorial redistricting commission shall do so before the first day of July of the year 1965. If the Board fails to adjust the boundaries before the first day of October following the year in which any succeeding federal census is taken, a supervisorial redistricting commission shall do so before the 31st day of December of the same year. In either case the adjustment of the district boundaries shall be immediately effective the same as if the act of the supervisorial redistricting commission were an ordinance of the Board, subject, however, to the same provisions of referendum as apply to ordinances of the Board."

REDISTRICT IN 1970

Section 25001.2 of the Government Code provides in part: "The Supervisorial Redistricting Commission shall be composed of the County Assessor, the District Attorney, and the County Clerk."

I believe that it is clearly apparent that the Board should have redistricted in 1965, however, that date has come and gone. I don't see how we can avoid a redistricting in 1970.

I hope the contents of this letter will be of some assistance to you and to the residents of the Truckee Donner Lake area. If I can be of any further assistance to you in regards to this matter, please do not hesitate to contact this office.

Sincerely,
LEO J. TODD
County Counsel

All students and parents not direct-

Vaughn LaTour, Bill Moyer, Kim
Nott, Mitch Packard, Jim Phelan,
Kynn Quinan, Carl Ruhkala, Dave

reason so many A's were possibly
due to the answering of "extra-
credit" questions and earning high-
er grades. Very good work, keep it
up!

Seventh Grade, Mr. Barben—Con-
gratulations to our excellent foot-
ball team in their recent victory. I
would like to see more student-

Republicans Show Registration Gain

Of the 13,812 registered voters in Nevada County, 1,192 are in this area, according to the latest statement of registration compiled by County Clerk Theo A. Kohler. Of this total, 661 are democrats, 480 republicans and 51 declined to declare.

The total number of registered voters in the county is the highest ever recorded, there being 13,187 at the primary election.

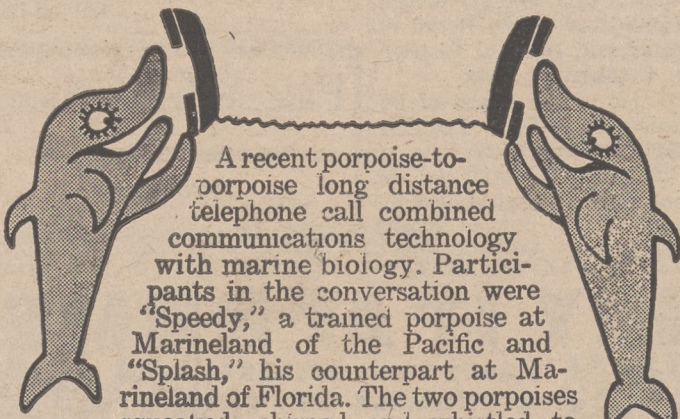

County-wide, the number of democrats is 7,042, and the republicans 6,513, a difference of only 529, indicating a considerable gain in republican registration. Only 257 de-

clined to state their preference.

The first supervisorial district reports 1,460 democrats and 1,529 republicans and 43 declining to state for a total of 3,032. The second district reports 2,166 democrats, 2,032 republicans and 49 declining to state, while the third district has 1,238 democrats, 1,146 republicans, 56 declining to state, for a total of 2,440. The fourth district has 1,517 democrats, 1,323 republicans and 58 declining to state for 2,903.

Grass Valley accounted for 1,482 democrats and 1,275 republicans while Nevada City counted 653 democrats and 691 republicans.

WHAT'S DOING?

A recent porpoise-to-porpoise long distance telephone call combined communications technology with marine biology. Participants in the conversation were "Speedy," a trained porpoise at Marineland of the Pacific and "Splash," his counterpart at Marineland of Florida. The two porpoises squeaked, chirped and whistled to each other over the 2,500 miles of telephone lines that separated them. Each listened intently to the other, with only occasional interruptions. Fortunately, a porpoise is a mammal, so no one can accuse me of telling a fish story.

43 years ago this month, the World Series baseball games were first broadcast on radio—from New York's Yankee Stadium and the Polo Grounds. Then, as now, the broadcasts traveled from the ballpark to the radio station over telephone lines.

When you're going out for the evening, here are a few suggestions that may help both you and the babysitter relax. Write down the names of the places you're going, the phone numbers, and the approximate times you'll be there. Have emergency numbers, including the family doctor's, written down also. Then—having taken these precautions, a night out can be more pleasurable.

Mark the date—November 8. (That's just an early reminder that voting day's not too far away.)

If you're planning to move, remember—you can stop your phone service here and start it there—anywhere in the Bell System—with one simple call to your Service Representative. Call her at our Business Office and she'll handle all the arrangements, whether you're moving across town or across the country. Hope our Easy Move Plan really does help make your move a little easier.

DONNER DOINGS

By Mrs. Carson "Vi" White

Beautiful is the word for the newly paved roads in the Armstrong Tract. Hope some of the other areas take the hint and pave the roads in their districts, too. This would upgrade the whole Donner Lake basin.

Some neighbors banded together already in the Olympic Tract and paved the west road leading up. Another group up in the Biltz Tract organized a road committee and are in the process now of paving their street, not to county specifications, but nonetheless, hardtopped.

The southside of Donner Lake residents are still hoping and praying for a successful road district. After years of red tape, bickering, organization, engineering and studies, they are still out in left field. The final step of selling the bonds is the only hurdle left, but this age of tight money and inability to sell the 6 per cent bonds is a mighty one.

Fishing is still good at Donner. Several large mackinaws have been hooked. End of this month is the end of Donner fishing, which has been at its best in many years.

Snow removal is always a big problem in the winter. Now is the time to line up a dependable person to keep your road or driveway clear. A little foresight may save many tears of desperation later. By organizing some of the neighbors now, you can bargain with a snowplow operator better. Notice the snow stakes going up already.

One of the best kept secrets seems to be the outcome of the meeting last week held in Marysville regarding a petition to make the portion of old Highway 40 from the State Park to Soda Springs a State Scenic Route. Sponsors fear that inadequate maintenance funds from Nevada County will allow the famed road to deteriorate.

Great Entertainment Featured at Lodge

CRYSTAL BAY — Last Tuesday witnessed the first appearance of the wild and wonderful Delasandro & Tonelli trio on the Nevada entertainment circuit — before a released audience in the Topaz Room of North Lake Tahoe's Nevada Lodge.

The Trio's accent is music, of course, but their unpredictable act includes some of the freshest comedy to hit Nevada Lodge in years. The Delasandro & Tonelli Trio have been big news in the Pacific Northwest for five years, breaking house records wherever they appeared. And if first-week audiences are any indication, they seem ready to take over Nevada Lodge, also.

Frank Delasandro and Denny Tonelli formed the trio with Ron Andreas some five years ago. Frank is the instrumental virtuoso, commanding piano, tenor and alto sax, standup bass, and electric bass. Denny Tonelli is the comedic live-wire of the trio, and Ron Andreas is one of the west's finest accordion players. All three blend their voices in vocals that feature memorable harmonic innovations.

The Delasandro & Tonelli Trio will remain at Nevada Lodge through November 7. Sharing the Nevada Lodge spotlight with the Trio through Tuesday night is the popular Jimmy Nuzzo Show, which for the last two weeks has been the hit of North Lake Tahoe entertainment. It's a "strictly music" bill of fare, with sparkling arrangements that mark Jimmy Nuzzo as one of show business' top arrangers.

Hospital Election Will Be Held Nov. 8

The election of three directors of the Tahoe Forest Hospital District will be consolidated with the general election on November 8, it was announced this week by Clarke Boe, hospital administrator.

There are five candidates whose names will appear on the ballot, including the three incumbents, Raymond E. Hintz, Joseph Q. Joynt and Gordon Moyer. They are opposed by Clinton P. Shane and Paul E. Shively.

Polls will be open from 7 a.m. to 7 p.m. and the election officials which handle the general election will also officiate for the hospital district election.

Thomas C. Ledford, 45, Soda Springs, was booked by Reno police for investigation of three counts of robbery. He was held in lieu of \$12,500 bail.

Officers said Ledford is suspect in robberies last month which netted \$300 in cash from three establishments, including two service stations, and a supermarket.

The suspect was arrested at a parking lot and police said he had a gun, five pairs of sun glasses and three hats, all items which fitted those taken in the robberies, in his possession.

Lee Twitchell Dies; Rites Held Monday

Marcella Carson, deputy county treasurer and tax collector, has been appointed to fill the present unexpired term of Leland J. Twitchell, who expired Friday. The supervisors are advertising for applications for appointment to the post after the first of the year.

Funeral services were held Monday at the Hooper-Weaver Mortuary in Grass Valley for Leland J. (Lee) Twitchell, Nevada County treasurer and tax collector, who expired at the Sierra Memorial Hospital Friday following an extended illness.

Rev. Clare E. Cardy, pastor of the First Congregational Church, officiated and interment was in the Odd Fellows cemetery.

Twitchell was working in the office of Miss Elma Hecker, former treasurer, at the time of her death in 1961 and was appointed to fill the vacancy and was elected for four year terms in 1962 and this year.

He was a native of Grass Valley and son of the late Mr. and Mrs. O. L. Twitchell. His only immediate survivor is his wife, Letha.

He was a member of the Grass Valley Rotary, Madison Lodge No. 23, F. & A. Masons, the California Treasurers and Tax Collectors Association and the Grass Valley Chapter No. 18, Royal Arch Masons.

The death of Twitchell will necessitate the board of supervisors appointment to fill two vacancies: his present term which expires December 30 and the later four year term to which he was elected in June and which starts January 1.

SLIGHT ADVANCE IN IN S. P. ASSESSMENT

As a result of the reassessment of Southern Pacific Land Company holdings in Nevada County, the board of supervisors last week adopted the figures which will gain the county some \$1500 in tax revenue. The cost to the county for the reassessment, asked by the Nevada County Tax Payers Association, was estimated at \$2500.

All of the assessment increases were on land in the western section of the county and none in the mountain areas.

HONEYMOON HERE

Mr. and Mrs. Dieter Dengler, who eloped to Reno to be married, spent a brief honeymoon at Manzo's just west of Truckee. It will be recalled Dengler was the American airman, who escaped from the North Vietnam prison and spent a month eluding capture in the jungles before returning to the American lines.

Evelyn Hintz Weds In Home Ceremony

Mr. and Mrs. R. E. Hintz of Truckee have announced the marriage of their daughter, Evelyn to James E. Summers, son of Mr. and Mrs. H. O. Summers of Durham, Butte County.

The rites were conducted at the home of Mr. and Mrs. Richard Gunn in Broderick Friday at 2 p.m. with Rev. Archie Mariston, pastor of the West Sacramento Trinity Episcopal Church, officiating.

Matron of honor was Mrs. Gunn, sister of the bridegroom and her husband was best man. The bride was given in marriage by her brother, Charles, a Sierra College student.

The bride wore a white satin princess gown, ballerina length with hand-tailored veil, pearls and sequins pillbox made by Mrs. Gunn.

Out of town guests included Mrs. Hintz of Truckee, Mr. and Mrs. Jack Summers of McCloud, Mrs. Violet Bickford and Mrs. Bessie Duncan both of Davis, Mrs. Tira DeLaney and Jack DeLaney of San Andres, Misses Elaine Carson and Alma Casey, Mrs. Lois Costa and Ed McIntyre of Sacramento.

The bridegroom, recently discharged after service in the Far East with the navy is employed at Broderick and Mrs. Summers is employed with the telephone company at Sacramento. The couple will make their home in Broderick.

NEW PLACER BUILDING WILL BE DEDICATED

AUBURN — Dedication of Placer County's new dome administrative building has been set for Saturday, October 29, with an "open house" from 10:00 a.m. to 5:00 p.m., and a short dedication ceremony scheduled in the buildings plaza at 11:00 a.m., County Executive J. E. Williams announced this week.

Completion of the aluminum dome administrative building marks the end of construction of the largest single building built by the county since the completion of the courthouse in 1897.

Erected at a contract price of \$630,000 the building provides approximately 25,000 square feet of office space for county departments presently housed in several locations in Auburn.

"During open house, on October 29th," Williams said, "the departments will be staffed so that the public may inspect the building and ask about the duties of the departments."
